

LEXCAN

HI-PRO PVC

Pre-fabricated Membrane Accessories

DESCRIPTION & USE

Lexcan Hi-Pro PVC Pre-fabricated Membrane Accessories are made for the rapid and effective sealing of pipe, conduit, irregular protrusion, railing or other material penetrating the roof system.

Standard products include:

- Cones (Short, Regular and Split)
 - accommodates 1/2" - 6" pipe dia.
- Square Tube Wraps (2" - 6")
- Pipe Wraps (2" - 12")
- Curb Wraps
- Drop Scuppers (2" & 3")
- Thru Wall Scuppers (4" & 6")
- Pitch Pans (6", 9" & 12")
- Corners (Inside & Outside)

All products can also be customized. Order forms are available via the Lexcan website or contact your local sales representative.

FEATURES & BENEFITS

Pre-fabricated products - saves the installer time and reduces the cost for labour compared to traditional installation methods of membrane accessories.

Factory Fabricated - precision cutting and assembly to ensure the best possible fit.
